

CRAWFORD HAS NEW ATTRACTION

Two Shows a Night the New Policy; Opening Performance Makes a Hit.

Manager E. F. Maxwell's new policy of two shows a night at the Crawford was inaugurated successfully Wednesday night. Both houses were large ones and both audiences, judging by their hearty applause, appeared to enjoy the performance by the Manhattan Musical Merry-makers.

The performance is full of action all the time. The drawback to many of the popular priced musical comedies at the Crawford has been that they are tempted to fill in a full evening's time and grow tiresome in the afterglow. The Manhattan people fill in most of the time at each performance with specialties and crowd everything into an hour's work.

Tommy LaFosse and Arthur Harrison put on a good double yodel and LaFosse did a yodel by himself that called for an encore. The best thing on the program was the singing by Miss Florence Collins, a member of the chorus, who has a splendid voice. The Crawford patrons would like to hear her sing "A Little Love, a Little Kiss." She could make a hit with it. Billie Trusheart and Miss Ruth Leslie did some artistic, graceful dances and Miss Leslie and Miss Stella Mayfield both did songs, accompanied by the chorus.

The costumes of the women principals

and chorus girls were all new and pretty, even classy, and the girls are all good looking—not a bad looking one in the bunch. On the whole the performance is quite a nice hour's entertainment and ought to be worth 25 cents of anybody's money. Harrison ought to have the censor work a little on his "you crazy fool" stuff; it gets tiresome.

TODAY'S AMUSEMENTS

WIGWAM—THE RULING PASSION.—The Ruling Passion, a drama in Oriental settings, will be shown today for the last time at the Wigwam theatre. It is a William Fox production made under the direction of Herbert Brenon, the producer of Annette Kellerman's "Nephtine's Daughter," and it was made amid the beautiful natural scenery of Jamaica. William Shay and Claire Whitney are the stars. It is an excellent picture.

There will be special concerts on the new \$10,250 Hone-Jones orchestra (bought from the El Paso Piano company) at 10:30 to 12:30, 3 to 5:30 and 7 to 10:30 all this week. Come to the first concert.—Advertisement.

MARY PICKFORD.—Mary Pickford is to be seen at the Alhambra today in a return showing of her latest hit, "Poor Little Peppina." Throughout the picture, Mary is inimitable, especially in the scenes where she poses for her picture on board the ship, where she stood the perfect picture of awkwardness and self-consciousness; and again, where, attired in masculine garb, she is taken to the bar, where she firmly places her foot on the rail, her pantomime in getting rid of a huge schooner of beer, without drinking it, is delightful. It is a clean, wholesome, true to life and perfectly natural picture.—Adv.

LAST SHOWING OF "THE FLIRT."—Marie Welcoming, the beautiful screen star, will be seen for the last time today at the Bijou in "The Flirt," a production of exceptional merit. Don't miss it. Tomorrow, the comedy of the year, "For the Love of Mike—and Rosie," will be shown. It is the most convincing boxing match ever staged. It will be shown one day, and at regular prices.—Advertisement.

BAKER IS SHOT; WATCHMAN HELD

Jose Ortega Shot in Stomach and Jaw; Watchman man Brown Arrested.

While going to work at 3:35 Thursday morning Jose Ortega was shot in the stomach and through the jaw with a small caliber pistol. The shooting occurred on Stanton street, near Main street, and J. S. Brown, car inspector for the G. H. & S. A. railroad, is under arrest on a charge of assault to murder. Ortega was going from his home on Detroit street in Highland Park to the Purdy Baking company's plant to begin his work for the day when he was shot. He was hurried to the emergency hospital and from there to Hotel Dieu. He is considered to be in a serious condition but may live.

Brown's Statement.—To the police Brown made the following statement, regarding the shooting: "I was coming from work when I met Ortega in the G. H. yards. I knew Ortega for more than three years while he was in the employ of the car repairing department of the G. H. Some time ago he was dismissed from the car department and has been causing quite a bit of trouble to employees of the department and to myself for some time."

"Ortega told a number of other Mexicans that he was coming over and 'clean out the car department some night.' I thought that when he came across the yards he intended to carry out his threat. I flashed my lamp on him and drew my pistol. He said: 'We are good friends and do not shoot.' I fired two shots at him, one in the stomach and one in the jaw. If Ortega is a baker I did not know it and I am sure he is the same man who said he was going to 'clean out the car department.' Ortega has a wife and family living in Highland Park."

NOYES LOSES CASE IN APPELLATE COURT

Mining Man Ordered Held for Trial on Embellishment Charge in San Francisco.

William S. Noyes, former president of the Presidio Mining company and recently arrested on complaint of Capt. W. S. Overton, United States army, charged with embellishment, yesterday lost his case in the appellate court wherein he sought by writ of habeas corpus to escape trial, says the San Francisco Chronicle. "The appellate court dismissed the writ and remanded Noyes into the custody of the sheriff. Bail had been fixed in the sum of \$1000 bond or \$500 cash."

"Later in the afternoon Noyes applied to the supreme court for a writ of habeas corpus, basing the petition on the same grounds as for the former writ, that is, that insufficient evidence had been adduced before police judge Morris Oppenheim to show that any crime had been committed."

"The specific charge against Noyes is the felonious embellishment of \$2000 from the Presidio Mining company. The prosecution claimed at the preliminary hearing before judge Oppenheim that Noyes had embellished the total sum of \$11,000 and had converted this amount of money to his own use in two amounts, the first being \$6000 and the second \$5000."

"The appellate court found after a careful study of the record of the lower court that sufficient evidence had been produced to warrant holding Noyes to answer on the charge to the superior court."

Facts

GET the facts on the operating cost before you buy any automobile. Find out the truth before—not after. And don't be satisfied with hearsay or a salesman's claims. The price of gasoline is high; so is oil and there is sure to be an increase in the cost of all tires.

So, what you want is the car that will give you most miles per gallon of gasoline, per gallon of oil and per set of tires.

Here are the facts proved by the Maxwell stock touring car that recently set the World's Motor Non-Stop Record:

Maxwell World's Non-Stop Record Facts

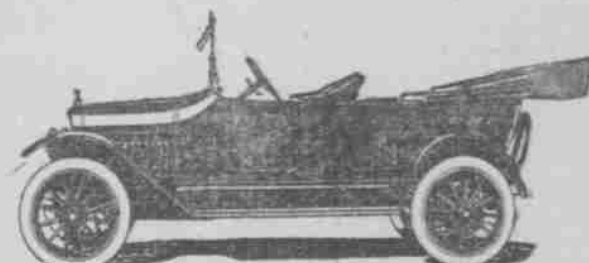

Miles without a motor stop.....	22,023
Average miles per day (44 days).....	500.6
Miles per gallon of gasoline.....	21.88
Miles per gallon of oil.....	460
Average miles per tire.....	9,871

Remember that this was a Non-Stop Endurance Record—in order to prove that the Maxwell car was exceedingly sturdy, reliable and trouble proof.

No attempt was made or could be made to save gasoline, oil or tires. So these figures merely indicate what would be possible under ordinary driving conditions.

Right now we have a Maxwell we can deliver to you, and if you don't want to pay cash, make a deposit and pay the balance as you use the car. But don't put it off. We know the Maxwell factory can't get half enough freight cars to carry their doubled output. Later on we may not be able to supply you. But we can NOW. Better phone us for a demonstration today.
